Dear Friends

At this moment, we are adding the final touches to the structures of the process that will lead to Friends becoming a legally recognised Association and all is on track and going to plan. Soon the Friends of the Museum will be entering a new phase in its history. In the meantime, we are preparing a year full of exciting activities during which the maintaining of social multinational contacts and the multinational face of our community will be foremost on our minds and our agenda.

We invite you all to come and enjoy our diverse February activities.

Emanuel Andrade Sancho (Director of the Museum)
