Dear Friends

The programme for March is full of interesting activities. We are changing the nature of the film club and looking for an active group of volunteers to help attract the people of São Brás and surroundings to our evenings at the cinema. The Jazz sessions, Fado and Classical concerts as well as the theatre group have provided many memorable evenings in the past. In the meantime, we will soon become an official Association with legal status. So come and join us. The Museum is our meeting point.

Emanuel Andrade Sancho (Director of the Museum)
