**Friends of the Museum** is a multinational, multicultural organisation that arranges a wide range of cultural and social events for the Portuguese and International community in the Algarve. The interests and activities of our members are very wide and include: art, literature, dance, music, photography, gardening, bridge, tennis, walking. There are also a number of talks on e.g. Portuguese History, Art and Literature and on various aspects of the Algarve e.g. fauna, flora and archaeology (talks are given in English, Portuguese and German).

We organize visits to various sites of historical, scientific and general interest in the Algarve. We have a lending library for books, CDs and videos.

Our members form our own choir and different music groups which play a range of instruments. Besides art and photography exhibitions, Friends of the Museum organise a regular programme of music from contemporary and traditional jazz, through to contemporary and classical music.

Regular activities include art classes, ballroom dance, salsa and merengue, bridge, Portuguese language and Yoga. There is also a lively discussion group, film club and video presentations of operas.

As the name indicates, the Friends are located in the Museu do Trajo de São Brás de Alportel. Do you want more infos? Please contact us at [info.amigosdomuseu.sbras@gmail.com](mailto:info.amigosdomuseu.sbras@gmail.com).
